Vertical Repeat : 90 cm

DAVIDQIAN™

STRAW MARQUETRY-MATRIX COLLECTION

Introduction:
The Matrix Collection consists of a series of exquisite handcrafted straw marquetry designs. These luxurious flexible wall coverings are handmade using natural materials in our UK workshop. These Designs are available both as flexible wallcoverings and panelling.

Each design has been created to reflect and enhance the natural beauty of the straw. The geometric structures within designs Gatsby, Odette, Felicia and Astoria re-create the elegance and opulence of 1930's high society. Ophelia and Rafferty, more fluid in style, reflect the natural sheen and colour tones created by the process of hand dying straws.

Every straw is hand dyed, then precisely cut and placed to create an intricate structured design. Each handcrafted piece is unique - no two will be the same! A natural product consisting of different shades and tones of each colour, this stunning wall covering gently reflects light giving a soft lustre. A rich variety of shades are available from soft naturals to richer deeper colours.

Installation:
Our wall coverings should be installed using a professional decorator. The wall covering will be pre-trimmed at our workshop however, your installer may also choose to trim on installation.

Delivery Time:
Approx. 6 - 8 weeks, please enquire at time of placing order.

To Order:
Each design in our Matrix Collection comes in a standard colour however, you can choose an alternative colour from our Straw Marquetry colour chart. Custom colours can be created upon request.

Maintenance:
Use a feather duster to lightly remove any dust or debris.
